

HOW TO PARTNER

Local League of Women Voters groups and libraries across the country partner regularly. As civic infrastructure, libraries offer essential community programs and services. The League has promoted participation in democracy since its founding more than 100 years ago. Both are trusted sources of information for their community! In addition to public libraries, academic and school libraries offer opportunities for collaboration as well.

1 Get To Work

Contact your local League or local library to talk about your community's needs this election season, what each of your organizations is doing to meet those needs, and identify areas where you can work together for greater impact. **F**ind your local League at bit.ly/LVW-find or reach out to your local public, academic, or school library.
